### Eye Candy

Here she comes, walking down the street  
Long legged lady, lookin' so sweet  
Shakin' it easy, gettin' her kicks  
Making me queasy, lickin' my lips

(Yeah) Eye candy baby - She's eye candy baby  
Girl, you're so so sexy - Got me down on my knees  
(Yeah) Eye candy baby - Yes, she's eye candy baby  
Girl, you're so so racy - Yes, I like what I see

Eye candy baby

She wraps her arms around me, giving me a smile  
Makin' me crazy, my baby's so wild  
She likes to rock and roll, in the midnight sun  
She likes it big and bold, likes to have her fun

(Yeah) Eye candy baby - She's eye candy baby  
Girl, you're so so sexy - Got me down on my knees  
(Yeah) Eye candy baby - Yes, she's eye candy baby  
Girl, you're so so racy - Yes, I like what I see

Eye candy baby

I'm holding her tight, from head to toe  
A dream come true, rockin' nice and slow  
Her eyes shine with wonder, a heart full of soul  
She's shakin' me with thunder, I can't let go

(Yeah) Eye candy baby - She's eye candy baby  
Girl, you're so so sexy - Got me down on my knees  
(Yeah) Eye candy baby - Yes, she's eye candy baby  
Girl, you're so so racy - Yes, I like what I see

Eye candy baby

### **Sweet Blue Eyes**

I'd like to go for a cup of joe  
And share with you some of what I know  
Some people say I'm a little strange  
But all I want is to make some change  
There is no harm in asking why

Sweet Blue Eyes

I'd like to go for a drive in your car  
Open our eyes and see from a far  
It doesn't matter if you think differently  
Just look inside and love what you see  
There is no harm in wanting to try

Sweet Blue Eyes

Some people want to keep you down  
They hang their heads never looking around  
Their wings are clipped and they can't fly

Sweet Blue Eyes

Some people want to keep you down  
They hang their heads never looking around  
Their wings are clipped and they can't fly

Sweet Blue Eyes

I'd like to go for a cup of Joe  
And share with you some of what I know  
Some people say I'm a little strange  
But all I want is to make some change  
There is no harm in asking why

Sweet Blue Eyes

Come with me sweet blue eyes  
I love you girl, yes I do  
Be with me sweet blue eyes  
I love you girl, yes I do

## **Black Sheep**

I can lead you to the Promised Land  
All you need to do is take me by the hand  
It's a place you can be where you truly exist  
Amongst the many lives within your midst

Come with me, follow me, I'm the Black Sheep

You don't have to live a life of pain  
Leave it for the wicked and the insane  
There are no storm clouds hanging in my sky  
Just a brilliant sun with wings to fly

Come with me, follow me, I'm the Black Sheep

You can be a shepherd  
You can be a rock  
You can play a record  
And sing to your flock

I can sing a song in a different key  
Change it up a little come dance with me  
Cut through the lies with your light  
Just do what you do man but do it right

Come with me, follow me, I'm the Black Sheep

I can hear your dreams calling you home  
Back to a time when the seeds were sown  
Open up your eyes and learn to see  
You gotta let go if you wanna be free

Come with me, follow me, I'm the Black Sheep

You can be a shepherd  
You can be a rock  
You can play a record  
And sing to your flock

I can lead you to the Promised Land  
All you need to do is take my hand  
There are no storm clouds hanging in my sky  
Just a brilliant sun with wings to fly

Come with me, follow me, I'm the Black Sheep

## **Make It Real**

Hey there girl c'mon on over here  
Don't be shy there's nothing to fear  
I like your style, I like the way you move  
I love your smile; I really dig your groove

Take a trip with me  
Let your soul be free  
C'mon girl we can change the world  
Let's do it now, let's make it real

Hey there girl it's a brand new day  
Gonna shake things up and do it our way  
Spread your wings and come fly with me  
We won't look back because love is still free

Take a trip with me  
Let your soul be free  
C'mon girl we can change the world  
Let's do it now, let's make it real

They're playing with our heads so we don't think  
Trapped in lie where eyes don't blink  
Angry plastic freaks always in your face  
We gotta do something to change this place

C'mon girl look to the sun  
Reach for the sky, we're gonna have some fun  
Let's change the world, let's do it now

Hey there girl c'mon on over here  
Don't be shy there's nothing to fear  
I like your style, I like the way you move  
I love your smile; I really dig your groove

Take a trip with me  
Let your soul be free  
C'mon girl we can change the world  
Let's do it now, let's make it real

They're playing with our heads so we don't think  
Trapped in lie where eyes don't blink  
Angry plastic freaks always in your face  
We gotta do something to change this place

C'mon girl look to the sun  
Reach for the sky, we're gonna have some fun  
Let's change the world, let's do it now

Hey there girl it's a brand new day  
Gonna shake things up and do it our way  
Spread your wings and come fly with me  
We won't look back because love is still free

Make it real  
We're gonna change the world

Make it real  
We're gonna change the world

**If You Try**

Hey there brother take a look around  
Does it bother you that the world is upside down?

Can't you see - you're not free?

Hey there sister look out your door  
Does it bother you when your child goes to war?

Can't you see - you're not free?

Hey there neighbor look to the sky  
Does it bother you that your life is a lie?

Can't you see - you're not free?

I know you can be if you try (2X)

Hey there father standing in the rain  
Does it bother you that you never took the blame?

Can't you see - you're not free?

Hey there mother time is passing by  
Does it bother you if a child doesn't fly?

Can't you see - you're not free?

Hey there stranger have you lost your soul?  
Does it bother when you don't even know?

Can't you see - you're not free?

I know you can be if you try (2X)

## **The Machine**

You like your porn, you like your booze  
You love your pills, got nothing to lose

Because you are owned, (yeah) you are owned

You ride the train, lost in a fog  
Stare at your phone, you're just a cog

Because you are owned, (yeah) you are owned

You work a job, just to survive  
You have a pulse, but you're not alive

Because you are owned, (yeah) you are owned

Welcome to the machine (2X)

You have the kids, a wife who's cold  
You fall in line, do what you're told

Because you are owned, (yeah) you are owned

You watch your TV, turn off your mind  
Your eyes are open, but still so blind

Because you are owned, (yeah) you are owned

You go to church, listen to the word  
Pray to a savior, but you're never heard

Because you are owned, (yeah) you are owned

Welcome to the machine (2X)

## **Love**

Love, I need love  
Love, Give me love

C'mon darling' can't you see what I need?  
Help me fill that hole, help me plant a seed  
Too many people just passing the time  
Never living life, (yeah) ain't it a crime?

C'mon girl... be the love in my world

Love, I need love  
Love, Give me love

Hey little lady go speak your mind  
Tell me what you notice, what do you find?  
Lost in a crowd where the trendy people roll  
They're looking pressed and clean, but what do they know?

C'mon girl... be the love in my world

Let's go baby, take a look with me  
It might sound crazy, but you will see  
That spreading your wings is the way to go  
To find true love and let yourself flow

Love, I need love  
Love, Give me love

Let's go baby, take a look with me  
It might sound crazy, but you will see  
That spreading your wings is the way to go  
To find true love and let yourself flow

Love, I need love  
Love, Give me love

C'mon darling' can't you see what I need?  
Help me fill that hole, help me plant a seed  
Too many people just passing the time  
Never living life, (yeah) ain't it a crime?

C'mon girl... be the love in my world

Love, I need love  
Love, Give me love

## **Hollow Moon**

I was walking down this dusty road  
I'm a little tired from carrying this load  
What is my life really all about?  
Born with a smile, die with a shout

I can hear the voices going round and round

There's an old woman standing next to me  
She glances up wanting me to see  
Lo and behold in the middle of the night  
An ancient god shining down his light

I can hear the voices going round and round

Beware of the Hollow Moon  
Beware of the Hollow Moon

You're not me and I'm not you  
It's all a dream, none of it is true  
You're not here, you're over there  
Deep in the stars, we're every where

I can hear the voices going round and round

Beware of the Hollow Moon  
Beware of the Hollow Moon
